## Terms and Conditions of Booking

**Site Rules** - All participants must agree to abide by the Site Rules below:

Everybody must :-

- obey all verbal and written instructions issued by centre or duty staff,
- wear appropriate personal buoyancy when on or near the water,
- wear shoes and suitable clothing for the conditions,
- take care at the waters edge as it is slippery
- report accidents to centre or duty staff,
- report damage, faults or concerns to centre or duty staff,
- wash hands before eating,
- respect all the wildlife and fauna within the site,
- respect other users and their enjoyment,
- respect centre equipment.

must not:-

- leave valuables in the changing rooms,
- run, swim or smoke on site or when wearing centre equipment,
- cause a nuisance to other users or to neighbouring properties.

**Swimming Ability** - To ensure the safety of anyone who is unfortunate enough to fall into the water everyone must wear Personal Buoyancy. Because of this, we do not demand a minimum swimming ability.

**Clothing** - All Watersports participants must have a complete change of clothing, flat soled shoes (trainers etc.) and a towel. The Centre has a supply of waterproof clothing but waterproof clothing is only protection from the wind, rain and spray. It is not designed to keep you dry if you fall in. Unsheltered exposure to the weather can be dangerous and you should always ensure that you have an adequate supply of warm clothing in the winter and protection from the sun in the summer.

**Loss/Damage** - In the event of any user causing loss or damage to the facility or equipment, the cost of repairing any damage or replacing any equipment may be charged. As a general rule, you may not store any equipment/clothing at the centre overnight except at the discretion of management. If items are stored at the centre, Greenwich Leisure Limited accepts no responsibility for any loss or damage.

**Cancellations** – Once this booking has been confirmed a refund will not be issued unless the Centre has to cancel the sessions due to adverse weather conditions or other factors beyond its control.
